

Each nursing home licensed by the ODH or certified by the U.S. Department of Health and Human Services, the Centers for Medicare and Medicaid Services (CMS), or the Ohio Department of Medicaid (ODM) shall cooperate with the COVID-19 testing for staff and residents as required by ODH to prevent the spread of COVID-19. Effective August 3, 2020 facilities will be required to have all staff retested at least once every other week.

- Facilities testing without state support should start testing every other week beginning between August 1-14.
- Facilities participating in the state-supported process will also start testing every other week in August. Due to the roll out of schedule, some facilities may begin after August 14.
